

Telstra Digital Futures

What is it?

Digital Futures is Telstra's way of supporting youth to embrace the creative power of technology. We focus on teaching coding, drones, 3D printing, robotics and encourage creativity in digital content creation. In amongst the fun stuff, we promote cyber-safety and positive engagement with technology.

How it works?

1. Grab a token

See your trusted advisor at Telstra Store Ocean Keys to receive your token.

2. Support your local school

Choose your preferred local school and support them with your vote. More votes, more chances of winning!

3. Everyone is a winner

First Prize

50 x eSmart Digital Licenses, 1 x Digital Maker Party in a Box and \$4,000 towards new hardware for your school

2 x Runners Up

50 x eSmart Digital Licenses and \$1,000 towards new hardware for your school
